Savannah in Georgia the 5.th of June 1782

Sir

Having Lately Received Letters from his Majesty's Secretary of State, Inclosing Copys of the Proceedings in the House of Commons, Relative to the Contest between Great Britain & America, also his Majesty's Answer to their address, I think it Necessary to Send you Copys of ours for your Information, & to Acquaint you, that it is Recommended to me, in the Strongest Manner to Observe an Exact Compliance with what Appears to be the Purpose & intentions of the House of Commons, and as there is so fair a Prospect of Peace, and which every Good Man ought at this time to Promote to the Utmost of his Power, therefore if any Matter is Proposed to me, I shall Readily Co-operate to Accelerate that Desirable Object, as far

as

as may be Willing my Department of Powder.

And having Seen a News Paper Printed at Charlestown Town in South Carolina, on the 15. of Last Month — Giving Notice of the intended Sale of Several States in this Parish on the 13th Instant at Ebenezer. — The whole Legislature in behalf of themselves, & all his Majesty's Loyal Subjects, have Judged it Necessary to make the Inclosed Remonstrance & Protest, against any further Proceedings towards Selling their Property & States. — a Procedure of this kind I Conceive must Cause Animosities instead of Healing Conciliating, Therefore Cannot doubt, but when you Reflect on the Present Situation of affairs, you will Direct an Immediate Stop to be Put to the Sale.

I am Sir your obed. Servt.

Ch. Wreford

The Honorable John Martin Esqr &c.
